

Basic Furniture, Household, Kitchenware, and More

Even your sofa donation can mean a child does not have to sleep on the floor; a kitchen table and chairs may mean a family can eat together; a desk gives a child a place to do homework; a blender means an elderly person can better prepare meals and an iron means a person can wear appropriate clothes to a job interview. Your furniture donation is not only good for people; donated furniture also stays out of our overflowing landfills.

Consider what you really needed when you moved into your first apartment.
